Twelve squares, \$12.50.

Ready advertisements have the privilege of three  
bars. One yearly advertisement regular and ordinary  
business advertisements only. All others charged  
per square.

**Wednesday Morning, Jan. 9, 1861.**

**THE SUPREME COURT.** — The Supreme Court of the State of Michigan, opened yesterday at the Capitol. The full Bench was present. The Docket is not large.

**MOODY WINTER.** — Old Winter is in a most capacious mood just at present. He sends an inch of sleighing, and takes it away—sends a little more, and grabs it up again. Just at present we are so on, on the sledding proposition.

**A DOG TEAM.** — Our streets were visited last Friday by a lame man from Charlotte, who came in a small sleigh, drawn by

one dog. In short, he had a fine team of four dogs, who came from Charlotte between 9 o'clock and 1 o'clock, 18 miles, drawing the owner and a half barrel of butter.

**A FINE SNOW.** — It was fine sight to see, on Saturday last, the inmates of the Reform School, more than one hundred in number, marching down in military order, Marshaled by Mr. Nichols, the Superintendent, to make an exhibition in the Hall of the House. This took place at 4 o'clock P. M. on Saturday, and the singing and other exercises were highly interesting.

How much longer will you purchase, and use impure and inferior Salvars? A good, perfectly pure and reliable Salvars will cost you no more than the other. The next time you may require to purchase Salvars, get a package of that manufactured by De Land & Co., and we are confident that you will be greatly pleased with it. It is for sale by most grocers and storekeepers, and the principal grocers wholesale it. Manufactured by D. B. De Land & Co., at the Fairport Optical works, Fairport, Monroe Co., N. Y. Sold at wholesale by the dealers in Chicago and Milwaukee.

**AMERICAN EXPRESS CO.** — This most useful institution for the transportation of money, the collection of debts, &c., and the carriage of light goods and baggage, is now in full and successful operation to Lansing.

This extension of the Express line, is a vast practical utility, every day, to the business men, and indeed to families and parties not in active business. The line is in the hands of Fargo and their associates, names long connected with this class of business, and deserving and promising the highest confidence of the wide-spread region through which they operate.

Lansing may well consider herself "out of the woods," when she has Express communication with all the world, a railroad almost finished, and a telegraph line about to be put in working order. Among all the advantage which are likely to flow from the early completion of the A. L. & T. B. R. R., THE AMERICAN EXPRESS is neither last nor least.

**LANSING CITY RELIGIOUS DIRECTORY.** — In Methodist Episcopal Church, on Wall St., 1st Ward; Rev. D. D. Gillett, Pastor.

Services, 10 1/2 A. M. and at 7 P. M., and at 2 1/2 P. M. in Representative Hall.

Baptist Church, on Capitol Avenue, Rev. J. McLeod, Pastor; services at 10 1/2 A. M., and 7 P. M.

Presbyterian Church, on Washington Avenue, Rev. C. S. Armstrong, Pastor; services at 10 1/2 A. M. and 7 P. M.

Free-Will Baptist Church, on Kalmarino St., Rev. L. B. Potter, Pastor; services at 10 1/2 A. M., and 7 P. M.

Reform School, Rev. D. B. Nichols, Chaplain; public services at 10 1/2 A. M., and at 2 1/2 P. M.

St. Paul's Protestant Episcopal Church, Rev. Edward Meyer, Rector; services at 10 1/2 A. M., and 7 P. M.

Universalist Church, Rev. Mr. Vibert, Pastor, at Senate Chamber; services at 10 1/2 A. M. and 7 P. M.

CHARGE OF COUNTIES.

Remarks of Henry Smith before the Committee on Towns and Counties, to whom was referred his petition for changing certain county boundaries:

**GENTLEMEN OF THE COMMITTEE:** — The impression is almost universal, that Lansing cannot be made a County Site, in consequence of that clause of the Constitution which requires that the Legislature shall reduce no organized county to less than 16 townships. I seek to give no organized county less that its Constitutional number of townships. It appears that a large majority of the people and the preponderating interest of the district requires the change for which I petition, I doubt not you will report favorably to granting it, and I ask that you postpone your final report until the people affected by the proposed change have time to make their desires known with respect to it.

Gentlemen—you are aware that it is most convenient for a population to transact their county business where they necessarily trade, and in this view I present this matter to your consideration. Stockbridge, Barker Hill and Leslie, have always traded, and doubtless always will trade at Jackson. Mason has no Railroad and probably will never have, so that the people of White Oak would as soon come to Lansing as go there. There will be scarcely a voice against this measure in Winsor, Delta, Eagle, Watertown, DeWitt and Bath. St. John is nearly central to Clinton county, dismembered of the southern tier of townships, which a southern tier of Gratiot attached to it. Northdale, Fulton, Washington and Elba will always trade at St. John, and it should be their County Site. Midland can spare two townships, which, together with two from Isabella, would leave Gratiot square, with a County Site on Pine River, nearly in the centre of the county. Talks from unorganized Clare a complement for Isabella and let the County Site go to the Chippewa, which is very desirable.—With Winsor and Delta off, it will be necessary to attach Onondaga and Aurelius to Eaton county, to give it its Constitutional complement.

**MARRIED.**  
In Mon. Dec. 31, 1860, by Rev. H. D. Miller, Mr. ALFRED STURM, of Orleans, to Miss ALICE A. WILLIAMS of Stockbridge.

In Locks, Dec. 31, 1860, by Rev. J. W. Watkins, Rev. W. A. TAYLOR of Williamson, to Miss MARINA G. HARRIS of Leroy, and Miss MARY ELIZABETH HARRIS of Leroy, and Mrs. MARINA HARRIS of Leroy.

In Auburn, Jan. 1st, by Rev. H. E. Fuller, Mr. DAVID HARRICK of Verney, to Miss MARINA ANN WOOD of Auburn.

SPECIAL NOTICES.

Teeth on Rubber Plate.

I am now manufacturing a few weeks, price considerably low, to inform the public generally, that I have invented a new and very superior form for artificial teeth, and in so doing that it is fairly equal, if not superior to gold, only in cost of labor. It is cheaper, durable, and strong in perfect whiteness in the mouth, speak volumes in its power. It costs about one half as much as gold. Let all know of call and we specimen. Teeth now, cleaned and extracted in a manner equal to the new-changed moderate, and work considerably longer. Let all know of me. — D. C. CHAMBERS, 100 State Street, Albany, N. Y.

Mr. BECHER AND THE THREATENED Mob.—  
Mr. Becher does not wish to die vertically.—A Stone hurt through the window.—A Procession to Mr. Becher's House.

For some days rumors had been in circulation that the Union-savers of New York and Brooklyn world, last evening, mob Henry Ward Beecher, and demolish his church. The result was that the freedom of speech, and to be demolished with the church in case of attack should be successful. A company of policemen marched to the building, and took their position in the lecture room, while about two hundred were scattered throughout the audience.

Mr. Becher preached on Patience, from Thessalonians 5:14—“Be patient toward all men.” Soon after he commenced a stone was thrown through the window. “Yes,” said the preacher, “the patient with all men, even with miscreants.” This was the only interruption which occurred during the discourse.

When Mr. Becher reached the last point of his discourse he said: “Let us be patient with those who seem ignorant and wrong. My friends, I mean the Southern people. Some people make fun. Why don't you go down South and say these things? Why don't you go to the South? Because I have to do the same thing. And I have to do the same thing, because I have to do the same thing, because they want to hang me. I have no desire to die vertically. [Laughter.] My master has commanded me, saying: ‘If they persecute you in one city flee to another.’”

Mr. CHAMBERS.—N. B.—Braham, a celebrated Physician, says: “I have treated cases of Inflammation of the Brain, Inflammation of the Brain, Inflammation of the Heart, and Kidneys. Inflammatory Rheumatism, the Rheumatism, with Dr. Brock's Magnesia treatment, a perfect success, even a little anti-itch medicine has twice had a hand with me in success. The application of the plaster Expector, by which a strong salve is inserted, a extract frequently bathed in water, and applied to the nostrils, the nose, as well as head, frequently attended with excellent results. And I have a great many cases of chronic disease, in which the disease has been long continued, and the patient has not been able to bear the weight of it. In most instances the pain is so severe, that it is impossible to sleep at night. I have given the prescription with pleasure—address—Rev. EDWARD A. WILSON, Wilkes-Barre, Pennsylvania, County, N. Y.

DRUGGISTS.—N. B.—Braham, a celebrated Physician, says: “I have treated cases of Inflammation of the Brain, Inflammation of the Heart, and Kidneys.
